

## THE **NORMAN** SIDE LIFTER

Install Comtruk's side lifter on qualifying brands of truck trays on mid- and full-size utes or chassis cab cutaways or on the SUB<sup>®</sup>, our high performance sport utility bed ute tray.

Rated for a safe working load of 200kgs, the Comtruk side lifter makes it possible for one person to safely pick-up and load a hot water heater, oil drum, heat pump, pool chemicals, or similar items.
